February 4, Joint Crystal River City Council and Waterfronts Advisory Board Workshop

Waterfront Advisory Board

Concept: Make Crystal River an inviting place for visiting boaters.

A. Identify what boaters need and want from communities they visit

1. Good chart and markers for entering area
2. Good marina and or clearly marked anchorage
3. Doggie run/ relief area
4. Easy access to land (safe dingy dock)
5. Wi Fi access
6. Chandlery (Marine parts store)
7. Grocery store
8. Laundry facility
9. Propane
10. Gas and Diesel Fuel
11. Fresh water
12. Walking or dingy access to restaurants
13. Ice preferably block but cubes acceptable
14. Bicycles with baskets (loaners or rentals)

January 24, 2013

IMPLEMENTATION PLAN

VISION Crystal River is a beautiful and unique waterfront community that balances the preservation and enhancement of its environmental resources with eco-friendly business and residential practices.

MISSION To determine the actions, policies and practices necessary to preserve and enhance the Crystal River waterfront through proven scientific studies and identified needs of the residential and business communities.

STRATEGIES "Ensure abundant clean waterways in Crystal River and Kings Bay, *Ensure the protection of our unique spring shed, protection of the Florida manatee, *Promote the education of residents and visitors regarding the protection of the Florida manatee, *Promote the establishment of eco-friendly waterfront business, *Collect relevant data, *Promote intergovernmental cooperation.
